ISSUED BY

KAMERA KLUB
PHOTO-FINISHING SERVICE
BOX 424 F, G.P.O. SYDNEY

OUR BUSINESS IS FOUNDED ON THREE FEATURES:—

(1) Good, Honest Work.

Work entrusted to us is executed only by skilled artisans and you may rely on the finished work retaining its brilliancy indefinitely because thorough fixing and washing are ensured by chemical tests of each batch before it is allowed to pass to the final stages.

(2) Fast, Dependable Service.

Our workrooms are as close to you as your nearest Postal Service, and your order remains in our workrooms for as short a period as possible compatible with Quality Production and every care is then taken in despatching to you.

(3) Fair and Reasonable Prices.

Our Developing and Printing Prices are the same as charged in Sydney, BUT, with a discount in the form of a FREE half plate enlargement, on double weight paper, with every spool printed AND additional enlargements at HALF CITY PRICE. We have no shop rents or agents and this saving enables us to give discounts in many forms.

When you are sending films to us forward only the amount necessary for developing and printing. We pay return postage.

PRICE LIST

Developing and Printing.

Size	Developing	Printing (8 prints)	Total Cost

SPECIAL MAILING COVERS
SUPPLIED FREE ON REQUEST

HOW TO USE KAMERA KLUB SERVICE

Post your films to us addressed to Box 424 F, G.P.O., Sydney (Special Mailing Bags supplied), together with Postal Notes to cover cost of developing and printing. If the film costs less than the amount remitted, the difference will be credited to you. Your work will be completed and despatched to you without any further cost, and included with it one Free Enlargement with every spool processed.

You will find your negatives and prints packed in a stout and attractive container, which, should you require reprints, can be used to return the negatives to us by tying with string and posting, as our name and address are printed on for this purpose; the cardboard packing should be left in container to protect negatives during transit.

With every film we process is forwarded a voucher, and five of these entitle you to a FREE FILM of the same grade, size and make that you use.

ADDITIONAL ENLARGEMENTS may be had at the attractive prices listed herein.

We endeavour to help you obtain the greatest satisfaction from your camera, and periodically publish papers that will assist you and keep you informed of the latest developments; these publications are also free to our clients.

If you wish our help in any particular matter it is yours for the asking, and will cost you nothing.

Specially designed mailing bags, to ensure the safe transit of your films to our workrooms, are available to you free of charge; your request for these mailing covers will receive our immediate attention.

Be sure that your name and address is clearly written on all work you forward to us.
